When I heard of your passing I felt like time Stood Still I started reflecting back on all the memories that we've had when we visit your sister Josie and Arthur. You would always be there greeting us. I was thinking of the time that you would always have some coffee made on those late nights you, josie and i would stay up and probably even snack on some cheesecake. I remember how we would laugh when we said Felix the car the wonderful wonderful car. Your come back was Josie and the p cats. And we would crack up laughing. I got to admire seeing how patient you were with your nephews and your niece. You made a bike look easy to ride. You could sparkle a car like no other with your detail cleaning. And we could have the craziest current event conversations over salsa and chips. I thank you for being that friend and adopted uncle for my kids. You are truly going to be missed. When I visit Houston your going to always being in our hearts with those best hugs you use to give us. Rest in Peace my friend and brother. Love you Frank and Josie Parras and Family.
