“ I remember when my popo (John Guzman) used to put on amazing Spanish music and barbecued for me and my family and we used to watch old YouTube videos and now that he's gone I'm just really stressed and school is hard and people are making fun of me and spreading rumors and no one was really there for me except my mom who is always watching us and taking care of us alone and I've tried to kill myself multiple times like yesterday (November 4th) I jumped off some stairs at my school alone and survived with no injuries and I didn't tell anyone I just really miss him and I want him to come back one more time.
