I worked with Catalin for short time and started to know him closely only when he became our direct manager. I will remember him as a man with strong ethics, standing by his promises, taking care about people who works with... And of course personally for me he will remain one of the most true respectful managers I have ever worked with. The most memorable sentence we all in team loved from him is when he would question one of us : " Who told you to do that?". That means he noticed something out of routine and wants to know what is happening, wants to correct thing if going wrong...

Rest in peace Dear Catalin ! I am grateful to GOD that my life path has crossed with such a good person like You. I pray for your soul and wish God makes it as easy as possible for your beloved ones.

“ RIP Catalin... I will never forget how it was great to work with you... how we were the last 2 persons to leave the close office... How the camp boss kept us some food in the staff house and we enjoyed our late dinners.... and his favorite "Who told you to do that?" or "However" always brought a smile on my face. I will miss you!

“ Catalin, you were a good man and a very generous and genuine one at that. You made a point of always stopping by your old stomping grounds here in Carrollton and saying hello to us all and bringing the ever so famous Island Sorbet ice cream for everyone. I will miss very much getting to look at you and say "Mr. Radu, how do you do?" in my best count Dracula voice (joking about that since you were from Romania home of Transylvania). You always rolled your eyes at me when I did that but were always a great sport about it even though you knew my corniness was coming every time. You deserved so many more years with us all. You will be very missed but certainly not forgotten.

“Catalin I am so very happy I got to meet such a special amazing person who always put a positive outlook on every situation. Just recently chatting on the phone reminded me how easy going you are and immediately made me smile thinking about our times in Carrollton. One of my favorite memories was when you and I got approval from Sally to take our Romania customers out. We had a Hummer Limo and for a night lived like rock stars. Touring around Dallas and Fort Worth and stopping for an amazing meal. Great time!

You have an amazing family and seeing what a great young man your son has become I know made you proud and your legacy will continue through him and your lovely wife.

Rest in peace my friend.

“I am so sorry for your loss. When Catalin was overseas he would call me and I'd say "Catalin, you know I don't work in that department" or say something like "I don't do that anymore" and in his sweetest voice would say "but Diana, you always listen to me and help me." And of course he was right, I'd always help him. May he Rest In Peace and it was a pleasure knowing him

“ *My dear friend Catalin,
I remember days we spent together in Global Sales, Carrollton
sharing work experience as well as stories from various parts of the
world. You taught me so many things during those days. It was
absolute pleasure working with you and knowing you in person. I
will really miss your smile and humor. Even after moving to West
Africa you kept coming to meet us regularly during your days off not
empty handed but always with delicious Sorbet Ice-cream or
donuts. Rest in peace dear friend.

“ *My condolences for your family's loss. I was a coworker of Catalin's in Carrollton and truly enjoyed working with him. After he began his rotational work, he would always stop by the office to visit when he was in town and it was always a pleasure to see him and catch up. He was a fine man and will be truly missed. “ *Catlin, was always a pleasure to work with. He always had a smile and his quick witty comebacks were always spot on. I truly loved his sense of humor and zest for living life to the fullest. It breaks my heart to know I will not see his smiling face visiting our offices with his usual basket of frozen sorbet to distribute to the department. He was a very special person and leaves a very deep sense of loss and sadness for us not to be seeing him again. I give my very sincerest prayers for the family during your time of sorrow.*
