“ I wish I could wake up from this horrible nightmare. We love you and miss you very much. Life isn't going to be the same. I'll always hold you in my heart and thank of you every time I look at our beautiful daughter. She does little things that remind me of you; her attitude, the way she wants things her way and gets things her way are what come to mind. Lol. We had a wild ride of ups and downs and I'm thankful that you were apart of my life. I hope you are finally at peace. Until we meet again know you'll be loved, missed and thought of all the time!
