“ As a great niece, I've always considered you as a grandma. You were always there from the day I was born. You were my comfort person. Any time I was sick, upset or sad, feeling down, you were the first person I would think of who could make me feel better. Thank you for all of the great memories you left for me to cherish. I'm glad you're resting now and not suffering anymore. I love you so much. - Amber Ortiz 💕💕

“ I’m going to miss her and didn’t see her as often as I wanted because of living out of town but we would talk on the phone a lot, everyday. She was a sister if you needed help she would be there or just even to talk to. She liked to go gambling we were supposed to go but didn’t get to but I know anytime we would have a good time when we did. My family and I are going to miss her very much.

“ Grandma,
You are the strongest woman I know. Only you could have gone through the things you did and still not lose an ounce of faith. Your faith and beliefs are a perfect example of the woman you are. You were always there for us day or night. Your love and affection is unmatched by any other. All the wonderful memories made with my family and time spent together will fill my aching heart now that you are gone. You will be greatly missed and never forgetting your beautiful smile and love. I Love You grandma.

“ Mom, I can't tell you how much you will be missed. You have been a true blessing in my life. Words can't even express how much you have meant to me. I have so many great memories of us. Making tamales, dancing in your kitchen to Mexican music, margaritas, bingo and family loteria. Your last few months were really hard on you so I am happy you are finally resting in peace. I love you and will miss you dearly. Your daughter in your heart
