“ *I met Ruben when we worked at the FWCC Christmas Toy Project. He was always upbeat and happy. He enjoyed his artwork and experimenting with new ways to embellish his work with many different materials. A very talented man that I was happy to share my woodworking skills with.*

“ *You've been a major part of my life for all 41 years that I've been alive. Thank you brother for all your advise and being my voice of reason when I wanted to slap someone. I love you Ruben and I'm hurting so bad that you had to go but I know you were suffering and unhappy being alone everyday. I'm sorry you were never able to come home to Chicago but now your ashes will be there.*
