“ Well here comes the New Year and its sad the family is without you. Connie and the all the family love and miss you so much. Just watch over them and protect them. It's sad to see you have left when you had so much to live for. I can not stop thinking about the time we met, when me and steve came back to get you to go out. We had fun but that too was cut short when you got locked up. I enjoyed out visits- if things could of been different. Its hard to even think that when I call connie's or even go over there you will never be there. Victor we love and miss you so much and Connie is so heartbroken. I am just so glad we got to make wonderful memories through out the years and you always was happy to hear from me or see. I am so happy we had that connection of freedom in our lives and hearts. We had the best of times as best friends with much love and respect. Fly high Victor- gone but never ever will you be forgotten.. Happy New Year 2017 sweetie!!! You will always be in my heart Victor por siempre

“ To Victor we go way back and still remained great friends. You have and always will be in my heart, I love you more than words can describe. Your family treats me and my kids like family. My kids are saddened by your passing. I remember when we went to visit you and Juan, PJ was small and telling you guys stories. The smile on your faces was priceless and seeing you happy having us visit was more special. Thanks to Steve Flores who introduced us at Galveston Ball high school where you was doing work at. I can never forget the way you look that day with the bandana. Handsome!! We shared great memories and I will never forget what you told me months ago when I saw you at Connie's with your puppy (too cute) that you will always love me for being there for you. VICTOR you are gods child and now an angel, watch over your mom connie and rest of your beautiful family who love you to the moon and back, so do I. Until we meet again my sweet Angel- god bless you and now you no longer in pain or suffering. I Thank god for putting you in my life for over the past 15 years. love you sweetie!!! Dianna

“ I was with Victor for eight years, and we shared a lot of memories. Im deeply saddened over his passing, and he will be greatly missed. He also had three other grandchildren Annalisa, Angel and Vanessa, tho they weren't blood related he accepted them and referred to them as his grandchildren he spent a lot of time with them, and loved them very much. Victor shared a lot of special memories with my family, and they also loved and will miss him. I was his common law wife for a little over eight years, and I love and will miss him he will never be forgotten. Rest In Peace sweet Victor, and spread them wings, and fly high like you never have before. I will always have our memories and no one can take those from me. Heaven got a great man. Its not goodbye it's til I see you again in paradise.
